Subject – Communication to NPCL regarding retaining of Existing SPC arrangement

Dear Sir ,

This is with reference to our letter dated 29th July 2020 and letter dated 19th August 2020 in response to NPCL Letter no E-158/SP-MP/FY20-21/FN-20 dated 17th July 2020 wherein we had stated that for retaining single point connection would require calling Special General Meeting in accordance with Bye Laws of UP Apartment Act to obtain majority resolution. For Conducting Special General Meeting for our society of 1031 Flats for this purpose would require large gathering which is not permissible by District Administration due to COVID 19. Accordingly it was requested to allow time till 30th September 2020 or till such time District Administration removes restriction on large gathering , so that we could hold Special General Meeting to take decision on retaining Existing Single Point Connection .

In the mean time we had written to all the Flat Owners through e mail/through physical consent form for taking consent and their option either in favour of SPC or MPC dated 7th August 2020 and further on 18th August 2020 giving time up to 27th August 2020.

It was indicated in Consent form that in case no option is exercised by Flat Owners, it will considered that Owners wish to continue with the existing Single point Connection arrangement.

The status of consent regarding SPC/MPC is as follows:

Total no of Flats – 1031

No. of flats to whom e mail sent – 1031

Response received - 154 Owners

In Favour of MPC - 41 Owners

In Favour of SPC - 113 Owners

Deemed to have consented for SPC as no response received – 877 owners

Total in Favour of SPC – 990 Owners

Keeping in view of the above response, ATS Paradiso will continue with the existing Single Point Connection arrangement.

This is for your kind information and necessary action.

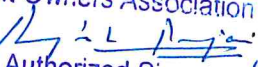

Thanking You
